Who is Health Reinsurance Association (HRA)?

The Connecticut Health Care Act of 1975 created the Health Reinsurance Association (HRA) to make available to eligible individuals in Connecticut a comprehensive health care plan designed to help meet medical costs of non-occupational injuries and diseases.

HRA is a non-profit association comprised of all private insurance companies and HMOs that provide health insurance in Connecticut.

In August 2002, President Bush signed Trade legislation that provides a refundable tax credit to help individuals purchase health insurance from a number of different sources

Pre-existing Conditions

A pre-existing condition is a medical condition for which medical advice or treatment was recommended or given within 6 months prior to coverage under this plan

Individual Plans have a 12 month waiting period for any pre-existing medical condition.

Effective Date

Individual Policies will become effective on the first of the month after receipt of a completed application and the premium for the first term.

Health Benefits

HRA's medical plan provides up to \$1,000,000 in benefits during each covered person's lifetime.

Managed care plans all have a network of providers (doctors, hospitals and other medical services). These networks only admit providers that meet the plan's quality standards. Network providers also agree to work with the network medical team to provide the most appropriate care.

As a member, you can take advantage of the resulting low costs and reduce your out-of-pocket costs by always seeking care from these network providers.

How PPO Plans Work

PPO managed care plans give you access to quality care at a lower cost, plus the ability to make your own health care decisions. In general, here is how a PPO works:

1. Low Cost Care and No Claim Forms - When you need care, you are free to visit any network provider listed in your PPO directory. You pay lower out-of-pocket costs when you get service because of negotiated discounts with network providers. The plan reimburses your other costs at the highest level and your provider fills out the claim forms for you.
2. Freedom to See Other Providers- You have the option of visiting providers that are not listed in your directory. In this case, the plan reimburses your costs at a lower level, and you pay more out-of-pocket towards the cost of care. You also must fill out the claim forms.
3. Approval Required in Special Cases – When your doctor recommends certain types of treatment, you must call the medical advisors at Patient Advocate for approval. If you do not call, or your treatment is not approved, your benefits will be paid at a lower level.
